ENVELOPED IN DECADENCE

Temper the chill with this indulgent, handwoven, pure cashmere throw by Rachel Bates from her new Peacock collection. Perfect for a sofa, armchair or bed, it comes with jewel-bright fuchsia, hunting green, aqua or violet borders. The natural crimp of this beautifully soft and luxurious fabric, which comes from the downy undercoat of a goat, provides wonderful warmth without weight. *Peacock Cashmere Throw Collection, from £980, Rachel Bates Interiors*
